OLD DOGS continued

On a very sad note Leon Burrows has been forced out of the game due to a bad injury from Sunday's game and hospitalised (QEH) with a badly broken scapula (shoulder blade) which may require surgery over the coming days. The incident was friendly fire and a total accident but it leaves Leon incapacitated for up to 6-8 weeks. Leon from a rugby background has been enthusiastically involved with the Old Dogs for number of years and the little man will be missed in the forward lines. Wishing Leon a speedy recovery - from all of the Old Dogs.

PS: The Old Dogs will be taking up a collection to help Leon during his recovery period. Please contact Frank or Grant with contributions.

OLD DOGS

OLD DOGS v POORAKA

The "Old Dogs" ventured to Woodville South to play Pooraka and it was a very one sided affair as evident by the score and a huge team effort with many changes to accommodate all during the game.

The already bulging list was further bolstered by the return of Don Campbell from a three year absence in Queensland - which means we now have two sets of brothers, the Campbell and the Jones, all very handy and with the inclusion of a new rookie Graham Harding (ex West Croydon and father of former GWS listed Jarrod Harding) and we were privy to where Jarrod got his talents, the Old Dogs will just have to increase the rotations to accommodate.

Six Old Dogs volunteered to help the undermanned Pooraka side and the players such as Chris Coles, Gary and Wayne Jones, newcomer Graham Harding, and the others need to be commended for their efforts. Stephen Sinclair announced his retirement from the game after many years service to both the Rosewater B grade and many times doubling up on a Sunday for the Old Dogs. Stephen will be sadly missed and the only good side to Stephen's retirement is we will not be pestered by the opposition always asking "is that guy over 35?" We will miss you "Rubber Man" - but it appears the rubber may have hardened and lost its stretch over the years.
