### MORE FROM THE LIONEL EMERY MEMORABILIA COLLECTION

Rosewater FC changed to the red, white, and blue colours, in the 40's/50's. In changing to the colours contact was made with the then Footscray (VFL) Football Club – for approval to use their colours. Rolo Johnson reports that Ted Whitten replied approving the request and sent a set of guernseys, along with this lovely rosette, with the accompanying approval letter. The letter of approval is lost; however the above rosette will be suitably mounted and will be displayed in the display cabinet in the Jacquier Room. Again thank you to the Emery Family for this donation.

## THE DOC KEEPS REINVENTING WAYS TO GET NAMED

Rosewater	4.3	12.11	16.15	19.18	(132)
Mitchell Park	4.1	6.3	8.7	11.10	(76)

Rough and tumble as footy is, our Doc Reardon keeps on keeping on, getting named each week for one or other of his dashing deeds. BUT this is the second time this season the Doc has run through the centre, carrying the ball at considerable speed, only to be tripped up by the turf wicket, hiding at ground level and waiting to grab the unsuspecting. You would think that a second occurrence wouldn't occur as it is well known Doc is a fast learner. However, at pace, ball in hand, and at "flank speed" \*, to execute a lovely swallow dive into the mud and slush, is something to behold. A highlight of another great win! The Doc, emerging spitting turf, "I don't like cricket pitches!" perhaps explains it all. But the Doc's efforts aside, we came away with a big win in conditions that certainly put the brakes on many sides scoring heavily.

Mitchell Park had first use of the conditions and got away to a good start. We looked to be in for a fight. In the first Brad Horsell slotted three with the last putting us up at quarter time. Mitchell Park had had the conditions behind them – but we were still able to hold sway and had our noses in front. The test would be how we performed in the second quarter, when we were travelling with the wind (and rain).

*\* Flank speed – of ships – true maximum speed usually used in times of emergency or war*

Well it is history now but we leapt out of the blocks and rattled 6.8 to Mitchell Park's 2.2 and at half time we were well in front – and had the game won then! The rain and conditions were such that a comeback from 7 goals down was just not going to happen. The only negative was the number of points kicked! But we were well on top.

The second half saw our dominance continue and with control of every position we came away with the points in a good display of wet weather football.

**Best: 1. Adam Cross** has dominated our games for the last three weeks, making centre our most productive position. **2. Tyson Thomas**, either at CHF or on the ball, provided a running target where his aerial skills are very evident. **3. Our man Hughie (J-S)** is kicking goals at will – look out Hors he is coming – at pace (a bit like Doc but without the nose to the turf!) **4. Dylan Frank** makes the hard yards and gets us moving forward. **5. James Grant** is, or has, developed to become a dangerous long kicking run-on player, who is into top gear immediately. Many others did well – in fact all played well! Another top win.

**Goals:** Hugh Johnson-Schroeder 5, Brad Horsell 3, Daniel Readon 3, Tyson Thomas 2, Adam Cross 2, with singles to Dylan Franks, Kelton Young, James Grant, James Deeley-Godrey.

There were a **couple of sour notes:** Jarrad Schar, who had dominated the ruck, has suffered a foot injury and will be sidelined for several weeks – and Josh Vines rolled an ankle and is in doubt this week.

### Rosewater Reserves

#### Rosewater 6.7 (43) Mitchell Park 17.3 (105)

With the weather like it was how do you kick 17.3? It's a pretty good return when conditions are perfect – and they weren't and we didn't do ourselves justice playing them. We didn't handle the conditions at all. However Mitchell Park looked a much better side than we were. They had more run and backed up much better. We didn't trouble our fill in goal umpire (rather too damp for Bruce perhaps?) in the first – but after that, when we trailed zero to seven straight – we kept about the pace – except we weren't as accurate! The usual suspects were there. Mark Baryczka revels in the conditions while James Carson continues to "float" arriving at spots at the same time as the ball – and often against the flow of play. But on the day we were well beaten by a much more accurate side!

**Best: 1. James Carson**, as above "floats" around the ground winning possession after possession. **2. Shane Gates** with a ferocious attack on the ball, without seeming to take personal safety into consideration, set the example in repelling from defence. **3. Andrew Jones** is running into a lot of form. Away for much of last season he is now displaying his class all over the ground. **4. Dave McDonald** re-appeared and his presence made him a target for forward thrusts. **5. Brendan Niblett** is a runner with a lot of pressure on the opposition, and should return to the A's this week. **Goals:** Tony Howard with 3 goals – was there with good marks and accurate kicking – we just didn't get it there enough. Singles to John Page, Mark Baryczka and Tom Petrusselli.
